

University of Engineering & Technology, Peshawar
Department of Computer System Engineering

Web Engineering – Spring 2023

Assignment # 01

Instructions:

- Submission deadline is 14th March 2023. Late submission is not permitted, and assignments handed in after the due date will be returned unmarked.
 - The assignment is an individual assignment and individual submissions are required. If students are found to have collaborated excessively or to have cheated (e.g. by copying), all involved will receive ZERO marks.
 - Students are respectfully reminded of the University and Department's policy on Plagiarism. Any submission that is either not original or bears an unacceptable similarity to a 3rd party document or submission will be awarded ZERO for the entire assignment.
-

1. **Describe** which Process Model is best suited for Web-based System/Application development (keeping in view the requirements for a web application development process)? **CLO-1 [Cognitive Domain: Comprehension]**

Note: Provide an example other than the Rational Unified Process (RUP).
